

# Respiratory Therapist

## [Saint-John, New Brunswick]

Explore your possibilities: Build your skills. Enjoy your challenge. Make your mark. Own your future.

At Medigas, you'll join talented and diverse people throughout Canada, all working hard to make a difference in our client's lives and make our organization successful. You will work to support, develop and implement challenging and meaningful client-focused programs and you will be trusted to take on responsibility early in your career. Our employees' contributions are valuable to our company, our clients, our communities and our shareholders.

Since the late 1960s, Medigas has been a leader in serving the Canadian healthcare market with the provision of home oxygen therapy, respiratory services, medical gases and related medical equipment. Medigas is the healthcare division of Praxair Canada, Inc. Everything we do is born out of our commitment to help people live better lives and to support the medical professionals who make it all possible.

As a fulltime Medigas Respiratory Therapist, you will use your highly effective communication, clinical and technical skills to assess, educate, initiate therapy and provide on-going follow up to community-based respiratory clients. Promotion of Medigas services to referral sources is a key component to this role. The manager of this position is seeking qualified individuals who work well in a team environment and independently, deliver excellence in client service with compassion and take pride in their work.
